Hooves choose it.

NUMAT AGRI

Cow Carpet

Keeps your cow lane in good condition and prevents your track going boney.

Our Cow Carpet is designed to provide protection for your cow's hooves and your cow lane. Treated with a specialized antibacterial agent, it's gentle on hooves and minimises pugging in wet weather. Each roll is 6 metres wide and can be cut to size on site. Installation is easy with our 300mm galvanised securing pins.

Applications

Tracks and Lanes

Properties

A durable and lightweight geo-textile that acts to reinforce tracks and lanes while providing a soft, comfortable surface for your cows.

Slip Resistant

10 Year Warranty
