

DairyGrip

Heavy-duty, economical option for tracks.

DairyGrip is a heavy-duty yet economical option for dairy tracks. At 22mm thick, its unique zig-zag and straight-line grooves easily absorb animal weight to give optimal grip and comfort, reducing lameness. It comes with a 20-Year Guarantee.

Applications

Alleyways, Tracks and Lanes

Properties

Thick vulcanised rubber. Fully sealed and won't hold moisture or bacteria. Stainless-steel fixing system (no protruding metal parts). Ground spikes and joining system available for multiple rolls.

Slip Resistant

20 Year Warranty

Recycled Rubber
