

Hammerblow

Hammerblow Mat is the ideal flooring solution for horse trucks and floats.

Hammerblow's woven inlay ensures extra strength and durability. Comes with either a flat or ribbed base. The flat base option is excellent for gluing the mat to other surfaces. The ribbed base option is preferable when extra cushioning is required.

Applications

Horse Floats, Trucks and Trailers, Deer Shed Clean Zones, Industrial Areas.

Properties

Made from high MPA rubber from new and recycled product using a unique vulcanisation process. Fully sealed and won't hold moisture or bacteria.

Slip Resistant

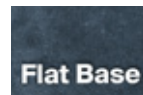

Recycled Rubber

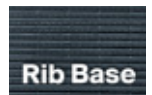

Certified Installation
