

# YoungStar (YS32)

Heavy-duty 32mm thick mat with hoof-stopping lugged profile.

Designed with the needs of stock yards, sale yards and abattoirs, in mind. YoungStar is a built-tough rubber matting system that's simple to install, easy to clean, and an exceptional performer under pressure. Its well-placed lugs are designed to stop cattle slipping and dramatically reduce the incidence of falls and injuries.

## Applications

Sale Yards, Abattoirs, Loading Zones, Drafting Areas, Processing Areas, Crushes

## Properties

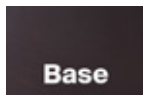

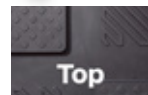

Made of high-quality rubber using a unique vulcanisation process.

Slip Resistant

Recycled Rubber
