

Cattle Scratch Brush

Versatile grooming for all sizes.
Durable galvanized steel build.
Easy maintenance.

Introducing the **Cattle Scratch Brush**, a revolutionary post-mounted grooming solution designed to meet the diverse needs of your livestock. This brush goes beyond ordinary grooming, offering unparalleled care and comfort for your animals.

The **spring-loaded top brush** ensures optimal contact with animals of varying sizes, from small calves to larger cattle. Its flexibility withstands extraordinary loads, including jumping animals, providing consistent and effective grooming results.

Crafted with **precision** from galvanized steel, the **Cattle Scratch Brush** is built to last, ensuring it remains a reliable and long-lasting addition to your livestock management routine. For added convenience, **replacement brushes** are readily available, with the 50cm x 10cm nylon-bristle brushes easily swapped out to maintain grooming efficiency.

Please note: Mounting hardware is not included, giving you the flexibility to choose the best options for your installation requirements.
